I would like to personally invite you to the 21st year of the Jeff Coston/Mike Bender golf school. I am more excited than ever about this year's golf school because both Jeff and I have found some new things that are helping our students play better. Just as all of you are working on your games to improve, we as instructors are doing the same, never being satisfied. I am in the midst of finishing up my new book, highlighting research that we have found linking those players that have won 5 major championships or more. I am convinced that this information will help any player that uses it so I am looking forward to sharing that with you.

These principals are one of the things, British Open Champion Zach Johnson and I work on that make Zach so successful!

We are also finishing up, what we call a play book. This will help increase your golf knowledge and help you to make better decisions on the course. Along with these things we will be looking at better ways for you to prioritize your practice and get the most out of the time you have for golf.

This year we will be limited to only two school dates so hope you can join us for a fun learning experience. Look forward to seeing everyone at Semiahmoo this summer.

Sincerely,

Mike Bender
